## General Reports of the XIXth Congress of the International Academy of Comparative Law Rappports Généraux du XIXème Congrès de l'Académie Internationale ... - Global Studies in Comparative Law)

This book deals with convergences of legal doctrine despite jurisdictional, cultural, and political barriers, and of divergences due to such barriers, examining topics that are of vital importance to contemporary legal scholars. Written by leading scholars from more than twenty countries, its thirty-two chapters present a comparative analysis of cutting-edge legal topics of the 21st century. While each of the countries covered stands alone as a sovereign state, in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues. The book is a critical addition to the library of any scholar hoping to keep abreast of the major trends in contemporary law. It covers a vast area of topics that are dealt with from a comparative point of view and represents the current state of law in each area. ?
