Having previously suffered neglect as a result of Pope's dominance of the period, William Cowper (1731-1800) has now become a far more important figure in eighteenth-century literature. Following the successful format of the series, Professor Sambrook's edition consists of a comprehensive, contextual editor's introduction together with substantial annotation on the page. *The Task* (1785) is the principal text discussed together with a selection of Cowper's other poems which cover a wide range of his subjects, moods and styles.
