Fatherhood Aborted Guy Condon, Dave Hazard

The postabortion emotional trauma suffered by women is becoming widely known. But until now, no book has addressed the emotional devastation of men who have been involved in the abortion of a child. The authors discuss the aftershocks of abortion, including violence, addictive behaviors, isolation, resistance to authority, and difficulty bonding with women and children. The book includes personal accounts of postabortive men's own experiences and shows that the path to forgiveness and healing is found in a vital relationship with Christ, the Life Giver.
