Written by a man known as “the Stephen King of China,” The Grave Robbers' Chronicles (known in Chinese as 盗墓笔记 / Daomu Biji), is as impossible to put down as a bag of good potato chips. A story with more twists and turns than a burial cavern, disgusting and unsettling monsters, and the funniest grave robbers the world has ever known, it's kept Chinese readers awake far into the night. Now it's your turn... The Grave Robbers' Chronicles is a novel about the grave-robbing adventures of Wu Xie, a young man hailing from a family that had been tomb-raiders for centuries. It is one of the most popular novel series in China with several million fans.

In volume 5:

When Uncle Three finally tells his side of the story, his nephew still feels skeptical. When mysterious videotapes show up in the mail, with scenes that are mystifying, horrible, and involve faces that are much too familiar, they bring questions that demand action and answers..

An abandoned house holds more peril than anyone expected—and a notebook with a message from the past. An expedition into the Gobi Desert turns into a rainforest adventure with deadly snakes and a tragic death. Then there is *It*, a mysterious and demonic force that threatens to destroy the lives and minds of the grave-robbing companions.

Once again Panzi, Fats, Qilin, and Uncle Three's nephew, with Ning added to the group, band together to follow the incomplete and possibly flawed leadership of a man who is perhaps a killer, probably a liar, and beyond a doubt the most engaging villain in horror fiction. Deadly Desert Winds skillfully introduces new characters and devious plot twists that make this adventure series more compelling than ever before.

The fifth volume of the Grave Robbers' Chronicles will soon be followed by Graveyard of a Queen, the sixth in the series. Will the questions be answered? Will the adventures continue? And who will be the next to die?
