Where has all the wildlife gone? Nowhere. It's all around us-along every pathway, every roadway, even every freeway. You just need to know where to look, and this book shows you where. The Utah Wildlife Viewing Guide contains 92 of the best wildlife viewing sites all across Utah. Each site is clearly described with locator maps, driving directions, best times to view wildlife, and the type of animals found there. All sites are open to anyone who likes to see wildlife in its natural habitat. To make wildlife viewing even more accessible and enjoyable, most of the sites in the Utah Wildlife Viewing Guide are found along roads and highways. A panel of wildlife experts from the following conservation organizations and government agencies selected each site: U.S. Forest Service; Utah Division of Wildlife Resources; Bureau of Land Management; U.S. Fish and Wildlife Service. Utah Division of Parks and Recreation; Zion Natural History Association; Utah Travel Council; Utah Department of Transportation; Defenders of Wildlife.
