International Association of Universities

World Higher Education Database Single User 2006/7 International Association of Universities

The most comprehensive reference tool available in the field of higher education world-wide, the *World Higher Education Database 2006/7* network edition combines the latest databases of the IAU's *International Handbook of Universities* and the *World List of Universities and Other Institutions of Higher Education*, all completely cross-referenced on one fully searchable CD-ROM, and includes additional material such as profiles of higher education in each country. With exhaustive coverage of almost 18,000 higher education institutions in more than 180 countries, accessible through a fast and easy-to-use interface, it is the most efficient way to find information about any HE institution throughout the world.
