Who murdered Israeli Prime Minister Yitzhak Rabin? Was it a fanatic right-wing loner, or is the truth more sinister?

An amateur film of the assassination, as well as eyewitness testimony, documents that Rabin appeared unhurt from shots fired at the notorious peace rally. The same footage clearly shows a back door of Rabin's empty limousine slammed shut from inside before the Prime Minister was pushed into the vehicle. Who was waiting for him? And what happened during the limousine's abnormally lengthy detour en route to the hospital? The death certificate stated that Rabin was shot in the chest and that his spine was shattered. Why did the doctors later change their stories to fit the official tale, which has Rabin shot in his back at a distance?

Falsehoods are exposed and truth revealed in this tirelessly investigated exposé that proves beyond the shadow of a doubt the existence of shocking treachery that has altered the course of human affairs.
