After his mom disappears, Jason Lex and his family move to a small town where he has no friends, no fun, no life. Things get worse when he's chased by weird flying creatures that only he can see--Jason thinks he's losing it.

But when Jason discovers new information about his family, he's stunned to learn that creatures like Skyfish, Kappa, and the Mongolian Death Worm aren't just stories on the Internet--they're real and they live unseen alongside the human race. Many of these creatures naturally emit energy capable of incinerating humans. An invisible shield keeps these creatures hidden and protects the human race from their threatening force, but someone, or some *thing*, is trying to destroy it.

Unsure who he can trust, Jason is drawn into the fight to save the people closest to him, and he finds help in surprising places. Confronted with loss, uncertainty, and a devastating betrayal, Jason must make a gut-wrenching decision:

Who lives, and who dies.
