A History of Israel: From the Bronze Age through the Jewish Wars Walter C. Kaiser Jr., Paul D Wegner
A History of Israel, Revised Edition provides a comprehensive introduction to the history of ancient Israel—from the creation account to the events just prior to the New Testament era. This thoroughly revised edition focuses on Old Testament texts as well as ancient Near Eastern literary and archaeological sources to highlight the important modern controversies surrounding this portion of Scripture. Topics treated include current approaches to the study of Israel's history, common fallacies in modern, secular biblical studies, and the evidence for the historical authenticity of the Old Testament accounts. Kaiser and Wegner thus present an up-to-date, conservative position on matters relating to ancient Israel's past. The volume also includes over 600 photos, charts, and maps that serve as visual aids.
