## **Printed Images by Australian Artists, 1885-1955 (v. 2)** Roger Butler

This volume follows printmaking through a seventy-year period, from the latter part of the nineteenth century as the print, freed from its reproductive bonds, became a vehicle for pure artistic expression; through the great social and political traumas of the first half of the twentieth century, when the print was co-opted to carry a political message; and concludes in the immediate postwar years with prints that signal the artists' search for meaning and an awareness of self.
