Research, Teaching and Learning: Pedagogy and Practice in the Open and Distance Learning Paradigm Polly Kobeleva, Luke Strongman

Research, Teaching and Learning presents ten essays which explore key factors in effective research teaching and learning practices, provide guidance for their implementation, and describe their benefits to academics and students in the Open and Distance Learning environment. The authors have written this book for the student, the academic and the organisation in the Open and Distance Learning paradigm, from a New Zealand and international perspective. This book provides a framework for the development and application of research, teaching, and learning for the academic within faculty and for managers of open and distance learning tertiary organisations.
