If you want to develop your playful relationship with your dog, this book is easily the most comprehensive source on the topic, covering food, toy and personal play in great depth. Fenzi and Jones begin by explaining that good play is not measured by the techniques you use, but rather the amount of enjoyment it generates between you and your dog. They continue to explain that each trainer and dog is unique, which means that what works for one dog won't necessarily work for others. Fenzi and Jones discuss the dog's natural play style, the importance of not overwhelming your dog with enthusiasm, and how to take a fun test to determine whether your dog is playing for fun, or because you insist. They also consider your own preferences and what to do if your dog doesn't like to play. And then they go into great detail! Fenzi and Jones discuss HOW to play with your dog! HOW to problem solve if your dog doesn't respond to your overtures! And HOW to proceed to develop as wide a range of options as possible for all types of dogs, from shy wallflowers to over the top high drive dogs. When you finish this book, you will know a great deal about all types of play. Indeed, you might have a hard time finishing the book since you will be in such a hurry to put it down and try out some fun games!
