Hon-Sho is not a horoscope. It's a fusion of numerology and ancient Chinese oracle reading. It draws upon a fount of Chinese wisdom known as the *Yi Jing* (*Book of Changes*). But it's different from anything that has preceded it because it's not random and it gets personal.

Use *Hon-Sho* to identify your own Digital-DNA, a simple label which reveals your personal Chinese character reading. This unique fingerprint is then used to capture coincidence at any moment in time and deliver a reading personal to you every day. Use it as a form of reassurance, or personal counseling, or for just a moment of quiet reflection. *Hon-Sho* is a convenient handbook with everything explained to help your decision-making on a daily basis. The lives of many people have already been changed by Hon-Sho's revealing insights--now it's your turn.
