The mysterious and legendary builder of Minecraft has been known for a lot of things. He's been known for his amazing creations, of Redstone Torches, trees with no leaves, and even Pyramids in the middle of the ocean. Some have even speculated that Herobrine is not a real player, but a virus, or the Mob-master of all hostile Mobs. Herobrine has been known for a lot of things. But no one truly knows who he is.

No one knows who he is, because no one has ever seen him. Now all that is about to change. Herobrine has grown tired of his solitary and secretive life. He decides to get out and expose himself. It's a good idea, but when Herobrine meets another Minecraft player Cathy, he will realize that there is a tradeoff for making himself known. His secrecy and mystique will be gone, and that's not the only thing that Herobrine may lose. Can Herobrine get it all together before he loses everything and remains a 'Wimpy Herobrine?'
