With the increasing difficulties of meeting human demands on water resource quantity and quality, new concepts in water management need to be explored, with a move away from centralised command and control approaches to more participatory multi-stakeholder approaches that have the potential to be flexible and responsive. This volume tackles: Water resources availability; Water for food; Water quality; Floods and droughts; Change assessment and management; Monitoring and optimisation; Integrating water resources management

The International Association of Hydrological Sciences is the world's premier member-based organization promoting the study and practice of Hydrology. Our books are authored, edited and produced at the highest level of quality, with the most current and thorough research.

Our publications and our work advance the science and the professional practice of Hydrology in a variety of Science and Engineering fields around the world.

The areas that we publish in include:

- Ground water
- Surface water
- Snow and ice hydrology
- Drought and desertification
- Runoff modelling
- Watershed
- Remote sensing
- Water quality
- Water resources and management
- Ecohydrology/hydro-ecology
- Erosion and sediment
- Tracer hydrology

From reader reviews:

Thelma Burke:

This Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) book is just not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper you read a lot of information you will get. This specific Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) without we understand teach the one who studying it become critical in thinking and analyzing. Don't always be worry Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) can bring any time you are and not make your bag space or bookshelves' turn out to be full because you can have it with your lovely laptop even mobile phone. This Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) having fine arrangement in word and also layout, so you will not sense uninterested in reading.

Charles Payne:

Playing with family inside a park, coming to see the sea world or hanging out with close friends is thing that usually you will have done when you have spare time, after that why you don't try factor that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication), you could enjoy both. It is great combination right, you still want to miss it? What kind of hang-out type is it? Oh seriously its mind hangout guys. What? Still don't obtain it, oh come on its known as reading friends.

Jacki Peters:

This Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) is new way for you who has interest to look for some information since it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or perhaps you who still having small amount of digest in reading this Improving Integrated Surface and Groundwater Resources Management in a Vulnerable and Changing World (International Association of Hydrological ... of ... of Proceedings and Reports Publication) can be the light food for you because the information inside this specific book is easy to get simply by anyone. These books create itself in the form that is reachable by anyone, yeah I mean in the e-book web form. People who think that in book form make them feel drowsy even dizzy this e-book is the answer.
