## **Reading Latin: Grammar and Exercises** Peter Jones, Keith Sidwell

Reading Latin, first published in 1986, is a bestselling Latin course designed to help mature beginners read classical Latin fluently and intelligently. It does this in three ways: it encourages the reading of continuous texts from the start; it offers generous help with translation at every stage; and it integrates the learning of classical Latin with an appreciation of the influence of the Latin language upon English and European culture from antiquity to the present. The Text and Vocabulary, richly illustrated, consists at the start of carefully graded adaptations from original classical Latin texts. The adaptations are gradually phased out until unadulterated prose and verse can be read. The accompanying Grammar and Exercises volume completes the course by supplying all the grammatical help needed, and the second edition has been fully revised and updated. It has also been extensively redesigned to make it clearer and easier to navigate.
