Rectified P. J. Cole

Leigh Coleman had been abducted and missing for four days until she escaped and was discovered badly injured and unconscious in an abandoned cornfield. Her abductors aren't aware that Leigh has no recollection of the incident and make several attempts to silence her forever. Detective George Stokes has only one clue but before he can approach his suspects they disappear and take the only piece of evidence that connects them to the crime. Unless Leigh remembers those missing days the Detective can't make an arrest even if he finds his suspects. Will Leigh's memory return before it's too late or will her abductors get to her first?
