The Fighting Cheyennes (The Civilization of the American Indian Series) George Bird Grinnell

"A long association with the Cheyennes has given me a special interest in them, and a special wish that they should be allowed to speak for themselves. What the Indians saw in the battles here described, I have learned during years of intimate acquaintance with those who took part in them."-George Bird Grinnell.

Without critical comment or biased judgement, George Bird Grinnell-one of the truly great historians of the American Indian-has recorded the major battles that the Cheyennes fought. In this account the entire gallery of the heroic Cheyenne chiefs and warriors-Roman Nose and Black Kettle and Dull Knife and many others-emerge in full color as they strive against the greatest enemy of all: the failure of the white man to understand and appreciate their way of life and his ignorance of their real capacity for peace and cooperation.

"[Grinnell's] integrity, sincerity, sympathy, and understanding made him welcome in every tipi. . . . He was one of the very few historians who knew how to get authentic information from Indians, and how to present things as they saw them in readable form."-**Stanley Vestal** in the foreword.
