The five day course in thinking Edward DE BONO

Based on the tenet that an error can lead to the right decision, de Bono guides the reader through a series of non-mathematical problems and puzzles, all designed to help us analyze our personal style of thinking, work out its strengths and weaknesses, and to consider the potential methods that we never use. There are three courses, each five days long and each created to focus on a different style of thinking: The Bottles Problem, The Blocks Problem, and The L-Game, and finally The End Game. A true life-changer, this book will have you thinking in ways that you never thought were possible.
