Connecting the Myth with the Truth In Book 3 of the series, True Bigfoot Horror: The Apex Predator - Monster in the Woods, we will make a case for Bigfoot's existence as well as his disappearance. We will look at Bigfoot folklore around the globe, dig into the history of the cryptid megafauna, review some very intriguing evidence of Bigfoot and accounts, and hypothesize why Bigfoot went into hiding. Ten years ago I went on a hunting trip in northern Washington State with my cousin Jason. I am far from an outdoors-man but I still jumped on the opportunity for a long weekend getaway with my crazy cousin. Had I know what I know today I am not sure if I would have gone, but what is certain is that my life forever changed that weekend. After getting separated from my cousin the first evening I found myself lost in the vast wilderness, scared, and alone – at least I thought I was alone. Unbeknownst to me I was being hunted in the woods by a Bigfoot. I am not sure how long he was stalking me but I know I was lucky to get away with my life. For years after that weekend I was a different man. I was constantly in fear and scared to go anywhere outside of my home city in Austin, Texas. To help cope with the psychological trauma I found myself immersed in research studying Bigfoot, the Yeti, Sasquatch, and all other variations of the creature commonly referred to as Bigfoot. My research became an obsession as I tried to come to terms with what had really happened to me. Within the pages of this book you will find my story and similar stories of several others. I found myself fascinated with cryptozoology. Of all the true Bigfoot encounters I came across I related most to the more terrifying Bigfoot stories. This book is a collection of those Bigfoot stories. It is the first book in a series: Bigfoot, Sasquatch, Paranormal. I am writing this series for those who are dealing with the aftermath of a Bigfoot encounter and need validation that they are not crazy, or perhaps they simply want someone to relate to. I am also writing this book as a therapeutic outlet as well as a way to reach people regarding the realities of Bigfoot. Bigfoot is real, I know that beyond a shadow of a doubt, and I am far from crazy!
