The Memory Book Lara Avery

They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember.

Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health.

So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living.

This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page.

From reader reviews:

Debbie Gagnon:

Information is provisions for individuals to get better life, information currently can get by anyone in everywhere. The information can be a information or any news even a concern. What people must be consider while those information which is inside the former life are challenging be find than now is taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you get the unstable resource then you buy it as your main information you will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take The Memory Book as your daily resource information.

Bradley Cox:

Spent a free a chance to be fun activity to complete! A lot of people spent their spare time with their family, or their own friends. Usually they doing activity like watching television, likely to beach, or picnic from the park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? May be reading a book might be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of e-book that you should read. If you want to try look for book, may be the guide untitled The Memory Book can be very good book to read. May be it is usually best activity to you.

Keith Mayo:

The Memory Book can be one of your beginning books that are good idea. Many of us recommend that straight away because this reserve has good vocabulary which could increase your knowledge in words, easy to understand, bit entertaining but delivering the information. The writer giving his/her effort to place every word into satisfaction arrangement in writing The Memory Book nevertheless doesn't forget the main level, giving the reader the hottest in addition to based confirm resource information that maybe you can be considered one of it. This great information may drawn you into brand-new stage of crucial imagining.

Iva Simmon:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart or real their passion. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Memory Book can make you truly feel more interested to read.
