Set between two worlds, this is a fantastic swashbuckling fantasy tale with everything that young pirate fans could want; raging sea battles, terrifying sea monsters, roguish heroes and the most evil villain that you could imagine. Daniel, a young bookworm, is given a strange old book and map by his uncle. This map enables him to enter the world of the pirates and help them as they try to fight off the threat of the evil Captain Ironskull and his mechanical ship. Twists and turns await in both worlds as Daniel and the Pirates have to deal with unlikely allies and traitors as well as their enemies. This book deals with friendship and bullying as well as the fantasy themes contained throughout. It would be ideal for children aged between 10 and 13.
