Book Five of Five. The Faceless have come, waging total war against the Republic and the Confederation of Clans. As star systems fall and a desperate effort is made to find out who and what the Faceless really are, foes must become allies against the common threat. If their defenses do not hold, nothing will prevent the Faceless from invading the Commonwealth. And with the resources of the Commonwealth under their control, no power in the galaxy, not even the strange and alien T'lack, will be able to stop the Faceless from exterminating Humanity and its allies. Robert MacGregor and his family prepare for the worst, both hoping and fearing that this will be the end of the madness. Hoping and fearing, for all wars eventually end - one way or another.
