**The Leadership Roadmap: People, Lean and Innovation** Dwane Baumgardner, Russ Scaffede

The Leadership Roadmap is not just for CEOs, CFOs and others at the executive level, it is also for people in human resources or project development, the plant manager or first line supervisor, it is for anyone who shares a strong commitment to the foundational premise of integrating the leadership of people, lean transformation and innovation systems. The Leadership Roadmap is a practical resource that will foster a new generation of roving leaders, committed team members who are willing to step up and fill a void, who lead by asking questions that trigger positive change rather than simply giving orders. These new leaders will understand that while the framework for achieving success is simple, the implementation can be complex and daunting, requiring a firm and enduring dedication to renewal, and a step by step guide to show them the way.
