Sparks & Taylor's Nursing Diagnosis Reference Manual Linda Phelps DNP RN

A comprehensive guide to care planning and nursing diagnosis throughout the life cycle

This clearly written, easy-to-use reference manual contains the evidence-based information that nursing students and practicing nurses need to diagnose and construct care plans that meet patients' health care needs throughout the life span. Incorporating NANDA-I nursing diagnoses, this updated edition integrates the nursing process and is an ideal reference for any clinical, classroom, or simulation setting. Units are organized by life cycle and include adult health, adolescent health, child health, maternal-neonatal health, geriatric health, psychiatric and mental health, and community-based health and wellness.

KEY FEATURES

- **UPDATED!** The **2015-2017 NANDA-I diagnosis and standards**, the Nursing Interventions Classification (NIC), and Nursing Outcomes Classification (NOC) labels are incorporated throughout.
- **Selected Nursing Diagnoses by Medical Diagnosis** (Appendix I) offers clearly written, authoritative care plans for every stage in the life cycle. For easier navigation, the index now directs students to nursing diagnoses by page number.
- **A focus on the importance of the nursing care plans** ensures students have the unified language and follow the steps of care planning to further the profession of nursing.
- **Integration of the nursing process** throughout makes this an ideal resource for any clinical setting.
- **Unit-opening *Applying Evidence-Based Practice* features** provide evidence-based scenarios for each stage of the life cycle.

From reader reviews:

Fannie Garcia:

Reading a guide can be one of a lot of exercise that everyone in the world loves. Do you like reading book so. There are a lot of reasons why people enjoy it. First reading a guide will give you a lot of new info. When you read a reserve you will get new information because book is one of a number of ways to share the information or even their idea. Second, looking at a book will make you more imaginative. When you reading a book especially fictional book the author will bring you to imagine the story how the characters do it anything. Third, you can share your knowledge to others. When you read this Sparks & Taylor's Nursing Diagnosis Reference Manual, it is possible to tells your family, friends in addition to soon about yours e-book. Your knowledge can inspire the others, make them reading a e-book.

Robert Hawkins:

Reading a reserve tends to be new life style with this era globalization. With examining you can get a lot of information that may give you benefit in your life. Having book everyone in this world can easily share their idea. Books can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or even their experience. Not only the storyplot that share in the publications. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors on this planet always try to improve their skill in writing, they also doing some investigation before they write on their book. One of them is this Sparks & Taylor's Nursing Diagnosis Reference Manual.

Willie Carlos:

The reason why? Because this Sparks & Taylor's Nursing Diagnosis Reference Manual is an unordinary book that the inside of the publication waiting for you to snap it but latter it will zap you with the secret the idea inside. Reading this book next to it was fantastic author who all write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of benefits than the other book include such as help improving your ability and your critical thinking technique. So , still want to delay having that book? If I were being you I will go to the publication store hurriedly.

Juanita Geil:

In this era globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information simpler to share. You can find a lot of referrals to get information example: internet, classifieds, book, and soon. You will observe that now, a lot of publisher that print many kinds of book. The actual book that recommended for you is Sparks & Taylor's Nursing Diagnosis Reference Manual this reserve consist a lot of

the information with the condition of this world now. This book was represented just how can the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. The writer made some investigation when he makes this book. That's why this book suitable all of you.
