The Science Of Time: When Self Tells The Truth On Self Elijah Muhammad

This title looks at a comparative aspect of how many religions have a timetable to expected events of the future and that although they seem to be addressing different references, they have striking similar and overlapping commonality. How time is told by the different worlds, and the relevance to an upcoming appearance of a Mighty One at the end of a given time. It explores the calendar of the Christians (B.C. & A.D), Othodox Muslim world (A.H.) as well as the universal clock which uses the sun, moon and stars as reference points.
