The First Five Days: of the Lionean Saga John O., Archie A.

When Yosi Sint ascends the military throne of Lionea, he immediately knows that his life is in danger; as all who held the position before him died under mysterious circumstances that could only have been as a result of Dark Arts. Within the first five days of his rule, before he can begin to understand the treacherous schemes at play, those who lurk in the shadows set into motion a whirlpool of events that leave all who are caught within struggling for dear life...
