The Great Journey Agathe Demois, Vincent Godeau

It's time to fly away! Every year, birds from around the world leave their homes and gather together in the jungle. This is the first time Red Beak has joined the birds' great journey, and he has a long way to travel.

Follow Red Beak as he flies to the other side of the world and use the magic viewfinder inside the book to discover what's really going on behind the scenes. As Red Beak flies over forests, farmlands, cities, and even the North Pole, readers can use the viewfinder to see some amazing hidden sights: acrobatic ants, a cruise-ship crocodile, factories in the clouds—even a monkey playing the cello!
