## **Earlier In Time (The Time Series) (Volume 2)** Bernice Erehart

The world has evolved to a place where money is no longer needed to get by. With no money to be made terrorism is finally defeated. All diseases have been cured, the weather can be controlled and peace and harmony finally fill the Earth. The growing population is now a problem, and after many efforts to find new places to colonize one man takes it upon himself to find a solution. But the plan backfires, and people are dying at an alarming rate, and the women of the world can no longer conceive. Is extinction in the future, or will the answer be found in the past?
