In the time since she was abducted from her world by a cruel, tyrannical general, eighteen-year-old Jalinda has been given little reason to trust any man, let alone three barbarian brothers who take it upon themselves to rescue her. But the rough, handsome warriors intend to share a wife, and they mean for that wife to be Jalinda. Shocked by the thought of belonging to three men, she refuses to go along with their plan, but her lack of cooperation is quickly overcome by way of a switch applied to her bare bottom.

Upon reaching their home planet, the brothers waste no time in beginning their shared bride's training. As Jalinda soon discovers, she will be expected to submit to them absolutely, and disobedience will result in punishments far more humiliating than a mere bare-bottom spanking. Her barbarian husbands will protect her, provide for her, and love her, but they will also enjoy her in any way they desire. She will be claimed by each of them and by all of them together, in private and in public, in ways that will leave her blushing crimson yet also burning with need.

Despite her shame, before long Jalinda finds herself craving the intense pleasure which results from surrendering herself to the brothers' masterful lovemaking, and with each passing day she grows fonder of the men who freed her from the sadistic general and made her their own. But her former captor is not an enemy to be taken lightly, and when he comes after the brothers with an army at his back, intent on vengeance, can they protect both their world and their woman?
