What Did I Eat? (Mathematics Readers) Lori Barker

Learn about the ingredients and nutrients of various foods while practicing mathematical operations with fractions, decimals, and percentages! Featuring nutritional labels and recipes, this title teaches readers about nutrition and also helps readers understand and use the decimal system and other important mathematical concepts. Featuring vibrant images, exciting examples, easy-to-read text, simple practice problems, clear mathematical diagrams, and STEM themes, this title is sure to leave children more confident in their mathematical skills while showing them how to use these skills in a practical way outside of the classroom!

About Shell Education

Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.
